

QUESTIONNAIRE

SEARCHES for AIRCRAFT

Are you - or any of your mandated partners – **searching** for one of several aircraft for PURCHASE or LEASE under ACMI / DRY / CHARTER?

We might be able to help you.

It is important however that you share with us as much information as possible describing your search in order to allow us to enter it in our listing with a maximum chances of success.

The questionnaire below will guide you through the type of information that might typically be of particular interest in similar cases. It is by no way an exhaustive list. Feel free to add any other information you might deem useful in your current search.

Once completed send this document to c.gossel@airsource-partners.com

Thank You for your kind cooperation

Airsource Partners
